INTRODUCING SPOFIT

SPOFIT is derived from two words, Sports and Fitness.

2016 est.

***From Concept to Creation
All Under One Roof. Your
Full-Service Partner in
Sportswear Manufacturing***

At Spofit, we go beyond manufacturing garments. Our philosophy is built on accountability, reliability, and open communication, ensuring every client receives not only high-quality products but also a professional experience that exceeds industry standards.

By combining innovation with craftsmanship, we deliver sportswear that empowers teams and brands to perform at their best. Every stitch reflects our dedication to excellence, making Spofit International a trusted partner for companies worldwide.

Our Journey

Every great company begins with a vision, and Spofit is no exception. What started as a small initiative in Sialkot has grown into a dynamic sportswear manufacturer, trusted by clients. Our journey has been shaped by determination, innovation, and the belief that true success lies in consistency and commitment.

From the very beginning, we have focused on mastering every stage of production — from material selection and design to stitching and Finishing — ensuring that every product reflects both quality and passion. Along the way, we have expanded our capabilities, invested in advanced technology, and built a strong team culture that thrives on accountability and excellence.

Today, Spofit stands not just as a manufacturer, but as a reliable partner for brands seeking performance, creativity, and trust. Our story is one of steady growth, continuous learning, and a clear focus on the future — where every milestone becomes a foundation for the next.

2016 Foundation Year

Sprofit was established in Sialkot, Pakistan, with a vision to manufacture high-quality, custom-made sportswear with a focus on innovation, ethical practices, and long-term partnerships.

2017-2021 STEADY GROWTH

Expanded production capabilities and began working with international clients, particularly in the U.S. Grew our team, introduced in-house sublimation, and built a reputation for flexibility and quality.

2022 COMPLIANCE AND CERTIFICATION MILESTONE

Earned multiple internationally recognized certifications: • ISO 9001:2015 – Quality Management System • ISO 14001:2015 – Environmental Management System • ISO 45001:2018 – Occupational Health & Safety.

2023 Rapid Growth

Experienced major business expansion and acquired our own land to prepare for larger-scale production and future capacity demands.

2024 Building for the Future

By the grace of Almighty Allah, completed the construction of a state-of-the-art manufacturing facility equipped with modern technology to support sustainable growth and efficiency.

2025 VISION-DRIVEN EXPANSION

Focused on deepening global partnerships, expanding into new markets such as the UK and Europe, and continuing investments in sustainable Innovation and ethical manufacturing practices.

The SPOFIT Way

Guided by Vision, Driven by Mission, Defined by Values this is Who We Are.

Vision

To become the most trusted and globally recognized leader in custom sportswear manufacturing—delivering innovation, quality, and sustainability with integrity. At Spofit, we believe every stitch should elevate performance and create a positive impact on the environment and communities we serve.

Mission

Our mission is to build lasting partnerships with our clients, exceed expectations through continuous improvement, and give back to the planet through eco-conscious practices. We foster a workplace culture rooted in respect, accountability, growth, and teamwork, empowering our team members to contribute with passion and take pride in delivering excellence every day.

Core Values

- Quality in Product,
- Excellence in Service.
- Integrity in Communication.
- Innovation with Purpose.
- Commitment to Sustainability.
- Respect for People.

Diverse Products, One Standard — Excellence

Empowering global brands through precision manufacturing and innovation.

At Spofit, diversity meets discipline. Our comprehensive product range is powered by specialized in-house departments where craftsmanship, technology, and innovation come together. From performance-driven sportswear to premium outerwear and accessories, every product reflects one uncompromising standard — **Excellence**.

**35,000 Garments
and 2,800 Bags**
— *Produced Monthly*

Teamwear:

Precision-made uniforms for professional and amateur teams worldwide — including baseball, basketball, ice hockey, football, wrestling, and more. Every garment is designed to embody the spirit of teamwork, identity, and performance.

Sportswear:

Our sportswear line includes t-shirts, polos, hoodies, sweatshirts, trousers, tracksuits, and rain suits. Every product is manufactured with precision, consistency, and reliability to meet client specifications. Every garment ensures lasting comfort, flexibility, and performance.

Every product we deliver is the result of precision processes, advanced technology, and strict quality control. We work closely with our clients to transform their designs and technical requirements into production-ready solutions that meet global standards.

Outerwear:

Our outerwear range includes softshells, puffers, varsity jackets, and windbreakers. Each garment is produced to deliver durability, comfort, and style across diverse climates. Every piece is carefully constructed to ensure dependable protection and a refined appearance.

Bags:

Our collection features backpacks, duffel bags, shoe bags, and totes. Each product is manufactured for strength, practicality, and everyday use with precise workmanship and durable materials. Every design combines smart construction with lasting reliability.

At Spofit, we don't just produce garments; we deliver reliability and consistency in every order. Our goal is to help brands streamline their supply chain with dependable quality, on-time delivery, and flexible production capacity, empowering them to focus on growth while we handle the manufacturing excellence behind it.

What We Do

WHERE INNOVATION MEETS EXCELLENCE

At Spofit, we don't just manufacture sportswear — we deliver complete, end-to-end solutions for global brands. From research and design to material sourcing, manufacturing, packaging, and global delivery, every step reflects precision, innovation, and trust. Our goal is simple: to turn your vision into world-class products that inspire performance.

- 1 **Research & Development**
- 2 **Material Sourcing**
- 3 **Manufacturing Excellence**
- 4 **Quality Assurance**
- 5 **Private Label & Global Delivery**

Our in-house R&D team continuously explores new fabrics, sustainable materials, and advanced technologies to enhance performance and comfort. We source premium material that combine durability with functionality, ensuring that every garment meets the highest international standards. Backed by skilled craftsmanship and modern machinery, our production facility delivers excellence at every scale — from prototypes to full-volume orders. Through strict quality assurance system, we guarantee consistency in every piece. With complete OEM and private-label capabilities, we empower brands to grow confidently, turning their ideas into world-class products that inspire athletes and redefine performance.

How We Work

Behind every stitch is the dedication of our skilled team, ensuring quality at every step.

01

Product Development

We collaborate closely with clients to refine concepts, review technical requirements, and prepare specifications for production readiness.

02

Sampling & Prototyping

We collaborate closely with clients to refine concepts, review technical requirements, and prepare specifications for production readiness.

03

Material Sourcing

We carefully source and select quality fabrics, trims, and accessories that meet global performance and durability standards.

04

Quality Assurance

From fabric inspection to final packing, every step is monitored through strict quality checks to guarantee consistency, reliability, and international compliance.

YOUR TRUSTED, GLOBALLY CERTIFIED MANUFACTURING PARTNER.

Certified Excellence

We believe, Certification Is More Than Compliance — It's A Reflection Of Our Values And Commitment To Global Standards. Each Certification Demonstrates Our Dedication To Quality, Sustainability, And Responsibility Across Every Level Of Operation.

90001 : 2015

Quality Management System

Ensures consistency, efficiency, and customer satisfaction through a structured approach to quality control and continuous improvement.

14001 : 2015

Environmental Management System

Reinforces our responsibility to minimize environmental impact through sustainable practices, efficient resource use, and waste reduction.

45001 : 2018

Occupational Health & Safety

Reflects our commitment to creating a safe, supportive workplace where the well-being of every team member comes first.

Supplier Ethical Data Exchange

Our facility have sedex membership and actively pursuing Compliance audit. We have completed the initial analysis and we are implementing the necessary corrective actions to meet the SMETA standards.

Commitment to Continuous Progress

At Spofit, we believe excellence is an ongoing journey. Alongside our existing international certifications, we continue to pursue additional global standards to further strengthen our social, environmental, and ethical practices. These continuous efforts reflect our vision of building a responsible and future-ready manufacturing ecosystem.

Continuous Improvement and Global Trust

Our certifications are not milestones; they are a mindset. Every audit, inspection, and renewal strengthens our pursuit of operational excellence and international reliability. By aligning with globally recognized standards, we ensure that our partners receive products that meet the highest levels of performance and responsibility.

**Together, these certifications validate Spofit's promise —
To deliver products built on precision, responsibility, and trust.**

SPOFIT

Our Technology

At Spofit, technology lies at the core of our manufacturing excellence. By combining advanced machinery and skilled craftsmanship, we deliver sportswear that meets the highest global standards.

From state-of-the-art sublimation printing to precision stitching and finishing, our in-house systems give us complete control over quality, speed, and consistency. Whether producing small custom runs or high-volume orders, we maintain the same level of precision and reliability.

We continuously invest in the latest tools, digital design platforms, precision cutting, and energy-efficient machinery enhancing accuracy, reducing waste, and supporting sustainability. This technology-driven approach delivers faster lead times, flexible customization, and performance-driven products that not only empower our clients but also benefit the environment.

Our Trusted Technology Partners – Empowering innovation with world-leading machinery and solutions.

The SPOFIT Culture

Behind Every Stitch — People. Purpose. Progress.

At Spofit, every product begins with people: skilled hands, creative minds, and passionate hearts working together toward one vision. We believe progress is built through purpose by connecting innovation with craftsmanship and technology with the human touch.

Our teams are the backbone of our success. Each stitch they make carries our values of precision, integrity, and dedication. Together, we turn challenges into opportunities and ideas into impact, driven by a shared commitment to quality and growth.

At every level of our organization, we nurture a culture of trust, learning, and respect. From the production floor to management, every team member plays an active role in shaping the company's vision. We invest in continuous training, modern tools, and a positive environment that values both performance and well-being.

This collective spirit transforms effort into excellence. It allows us to grow sustainably, adapt swiftly, and deliver consistently. Behind every stitch lies not just craftsmanship, but also care, discipline, and purpose — the qualities that define The Spofit Way.

At Spofit, culture isn't just built within the walls of our facility. It is reflected in how we serve our clients, support our people, and engage with our community. We believe that true excellence comes from mutual respect, shared purpose, and continuous improvement. By fostering transparency, accountability, and a growth mindset, we ensure that every achievement today becomes the foundation for greater progress tomorrow.

Behind every stitch, there is a story of trust, teamwork, and transformation. That is the culture that makes Spofit more than a manufacturer — it makes us a movement built on purpose, people, and progress.

What We Believe

**Driven by Innovation, Defined by Quality, Inspired by Purpose,
Stitched into Who We Are.**

True performance—measured by efficiency, precision, and consistent excellence—comes from innovation and a deep understanding of our clients’ evolving needs. As markets shift, we adapt swiftly and refine our practices to deliver solutions that don’t just meet expectations, but exceed them.

We believe innovation is meaningful only when it improves the way we work, the quality we deliver, and the relationships we build. Every advancement—whether in technology, materials, or management—is guided by integrity and responsibility, ensuring that growth never comes at the cost of our values.

We cultivate a culture of learning, growth, and collaboration, where every team member is empowered to think creatively, challenge norms, and contribute meaningfully. This dynamic spirit drives innovation, builds resilience, and positions us as a future-ready manufacturing partner.

Our Commitments

**Empower Through
Innovation**

**Innovation
Drives Success**

**Deliver Quality
Excellence**

**Quality Redefines
Standards**

**Sustainability
in Action**

**Collaborative
Growth Mindset**

CORPORATE SOCIAL RESPONSIBILITY

Committed To Building A Responsible & Sustainable Future.

At Spofit, our responsibility extends beyond manufacturing premium sportswear — it embraces our people, our planet, and our broader community. We believe true success is measured not only by growth but also by the positive impact we create.

Responsibility is woven into everything we do. From adopting sustainable production practices to empowering our employees and supporting community welfare, we strive to make every decision purposeful. Our goal is to create a lasting, positive impact — not only through the products we make but through the values we uphold every day.

Environmental Responsibility

We are committed to protecting the environment through sustainable practices. By optimizing energy use, reducing fabric waste, and gradually adopting eco-conscious processes, we aim to minimize our footprint and contribute to a healthier planet. Our journey toward greener production is ongoing, but with every step, we strive to make a meaningful difference.

Employee Welfare & Ethical Practices

Our people are our greatest strength. We ensure fair wages, safe working conditions, and a respectful workplace culture. Beyond compliance, we extend support through medical aid, interest-free loans, and welfare assistance during both times of celebration and hardship — ensuring every team member feels valued, secure, and empowered.

Community Engagement

We focus on initiatives that matter most especially in healthcare. By supporting welfare hospitals and collaborating with doctors and clinics serving underserved populations, we help improve access to quality medical care. At Spofit, we believe healthier communities build stronger futures, and we are proud to play our part.
